

*A war based on lies  
Spying, corruption and attacks on civil liberties  
Katrina survivors abandoned by government*

# **MARCH FOR PEACE, JUSTICE AND DEMOCRACY**

**End the war in Iraq –  
Bring our troops home now!**

**SATURDAY  
APRIL 29, 2006  
NEW YORK CITY**

**Unite for change –  
Let's turn our country around!**

*Too much is too wrong in this country*

*We have a foreign policy that is foreign to our core values, and domestic policies  
wreaking havoc at home. The times are urgent and we must act.*

- No more never-ending oil wars!
- Protect our civil liberties and immigrant rights.
- End illegal spying, government corruption and the subversion of our democracy.
  - Rebuild our communities, starting with the Gulf Coast.
- Stop corporate subsidies and tax cuts for the wealthy while ignoring our basic needs.
  - Act now to reverse the climate crisis and end the war on nature.

***Our message to the White House and Congress is clear:***

***Either stand with us or stand aside! We are coming together to march,  
to vote, to speak out and to turn our country around!***
